SCHOOL DISTRICT LEGAL STATUS

The United States Constitution grants the individual states responsibility for public education.

The Ohio General Assembly is under mandate by the Ohio Constitution to provide for the organization, administration and control of the public school system supported by public funds. The Ohio Constitution also mandates a State Board of Education and a Superintendent of Public Instruction, the respective powers and duties of which are prescribed by State law.

The Ohio General Assembly has also established a State Department of Education (through which policies and directives of the State Board of Education and Superintendent of Public Instruction are administered) and has established specific types of school districts.

The Blanchester Local School District is classified as a local school district operating under the supervision of the Southern Ohio Educational Service Center. The District is governed by a locally elected Board of Education.

COMMUNITY INVOLVEMENT IN DECISION MAKING

Community participation in the schools is essential to promote and maintain the quality of education for all students.

In addition to electing fellow citizens to represent them on the Board, all citizens may express ideas, concerns and judgments about the schools to the administration, to the staff, to any appointed advisory bodies and ultimately to the Board. Ideas should be addressed to the responsible individual in an appropriate fashion.

Residents may be invited by the Board to act as advisors, individually and in groups, in such areas as:

1. clarifying general ideas and attitudes held by residents in regard to the schools;
2. assisting in developing Board policies under which the District is to be managed;
3. assisting in establishing administrative arrangements and regulations designed to help implement these policies;
4. determining the purposes of curriculum and special services to be provided for students;
5. evaluating the extent to which these purposes are being achieved by present policies and/or
6. studying a specific problem or set of closely related problems about which a decision must be made.

The Board gives consideration to the advice it receives from individuals and community groups. Final authority for all decisions rests with the Board.

STAFF INVOLVEMENT IN DECISION MAKING

The District maintains an environment that supports personal and organizational performance excellence by allowing all employees the opportunity to develop and use their full potential to achieve District goals and objectives.

There should be an exchange of ideas and pertinent information among all elements of a school district. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

All employees have the opportunity to bring their ideas and/or concerns to the Board through the recognized administrative channels. Final authority for all decisions rests with the Board.

NONDISCRIMINATION

The Board's policy of nondiscrimination extends to students, staff, job applicants, the general public and individuals with whom it does business and applies to race, color, national origin, ancestry, citizenship status, religion, sex, sexual orientation, economic status, age, disability or military status.

The Board does not discriminate on the basis of legally acquired genetic information.

The Board does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means including the use of electronic communications devices, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual.

Employees or students who engage in discrimination of another employee or student shall be subject to disciplinary action.

Permission, consent or assumption of risk by an individual subjected to discrimination does not lessen the prohibition contained in this policy.

No one shall retaliate against an employee or student because he/she files a grievance; assists or participates in an investigation, proceeding or hearing regarding the charge of discrimination of an individual; or because he/she has opposed language or conduct that violates this policy.

SEXUAL HARASSMENT

All persons associated with the District, including, but not limited to, the Board, the administration, the staff and the students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Sexual harassment, whether verbal or nonverbal, occurring inside or outside of District buildings, on other District-owned property or at school-sponsored social functions/activities, is illegal and unacceptable and will not be tolerated. Any person who engages in sexual harassment while acting as a member of the school community is in violation of this policy.

Definition of Sexual Harassment: Unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature may constitute sexual harassment when:

1. submission to such conduct is made, either explicitly or implicitly, a term or condition of a person's employment or educational development;
2. submission to, or rejection of, such conduct by an individual is used as the basis for employment or education decisions affecting such individual or
3. such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile or offensive environment.

Examples of sexual harassment-type conduct may include, but are not limited to, unwanted sexual advances; demands for sexual favors in exchange for favorable treatment or continued employment; repeated sexual jokes, flirtations, advances or propositions; verbal abuse of a sexual nature; graphic verbal commentary relating to an individual's body, sexual prowess or sexual deficiencies; coerced sexual activities; any unwanted physical contact; sexually suggestive or obscene comments or gestures; or displays in the workplace of sexually suggestive or obscene objects or pictures. Whether any act or comment constitutes sexual harassment-type conduct is often dependent on the individual recipient.

The Grievance Officer: The Board directs the Superintendent to appoint one or more sexual harassment grievance officers who are vested with the authority and responsibility for investigating all sexual harassment complaints in accordance with the procedures set forth in the accompanying regulation and staff and student handbooks.

Sexual harassment matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible. Although discipline may be imposed against the accused upon a finding of guilt, retaliation is prohibited.

The Board has developed complaint procedures, which are made available to every member of the school community. The Board has also identified disciplinary penalties, which could be imposed on the offenders.

SEXUAL HARASSMENT

All sexual harassment complaints are investigated in accordance with the following procedure:

1. Any member of the school community who believes that he/she has been subjected to sexual harassment shall report the incident(s) to the appropriate grievance officer.
2. The grievance officer attempts to resolve the problem through the following process.
 - A. The grievance officer promptly confers with the charging party in order to obtain a clear understanding of that party's statement of the alleged facts. The statement is put in writing by the grievance officer and signed by the charging party as a testament to the statement's accuracy.
 - B. The grievance officer meets with the charged party in order to obtain his/her response to the complaint. The response is put in writing by the grievance officer and signed by the charged party as a testament to the statement's accuracy.
 - C. The grievance officer holds as many meetings with the parties and witnesses (if any) as are necessary to gather facts. The dates of meetings and the facts gathered are all put in writing.
 - D. On the basis of the grievance officer's perception of the problem, he/she will:
 - 1) bring both parties together and attempt to resolve the matter informally through conciliation or
 - 2) formally notify the parties by certified mail of his/her official action relative to the complaint.
3. If either party disagrees with the decision of the grievance officer, he/she may appeal to the Superintendent/designee. After reviewing the record made by the grievance officer, the Superintendent/designee may attempt to gather further evidence necessary to decide the case and to determine appropriate action to be taken. The decision of the Superintendent/designee is final.

If any of the named officials are the charged or charging party, the Board designates an alternate investigator and retains final decision-making authority.

All matters involving sexual harassment complaints remain confidential to the extent possible.

NONDISCRIMINATION ON THE BASIS OF DISABILITY

The Board maintains that discrimination against a qualified person with a disability solely on the basis of disability is unfair. To the extent possible, a qualified person with a disability should be in the mainstream of life in a school community. In addition, the District is the recipient of federal funds and therefore must be in compliance with all laws and regulations that deal with individuals with disabilities.

Accordingly, employees of the District comply with the law and Board policy to ensure nondiscrimination on the basis of disability. The following is expected.

1. No one discriminates against qualified persons with a disability in any aspect of school employment solely on the basis of disability.
2. Facilities, programs and activities are made available to qualified persons with a disability.
3. Free appropriate public education at elementary and secondary levels, including nonacademic and extracurricular services and activities, are provided to qualified persons with a disability.
4. No one excludes any qualified person with a disability, solely on the basis of disability, from participation in any preschool education, day care, adult education or career-technical education program.
5. Each qualified person with a disability is provided with the same health, welfare and other social services that are provided to others.

DEVELOPMENT OF PHILOSOPHY OF EDUCATION

The Board's philosophy of education gives direction to the educational program and daily operations of the District.

Periodically, the policy committee of the Board and the Superintendent evaluate the philosophy of education. Suggestions from both the staff and community are considered.

The committee revises or confirms the existing philosophy or writes a new statement of philosophy. The committee presents its recommendation regarding a philosophy of education to the Board for adoption or re-adoption.

All building and curriculum philosophies reflect and extend the Board's philosophy. The Superintendent disseminates the Board's philosophy of education to all staff members and directs that it be published in all handbooks.

EDUCATIONAL PHILOSOPHY

The teachers, administrators, Board members, staff and all others concerned with the educational process in the Blanchester Local School System endeavor to develop, in each student, a love and appreciation for the heritage, rights and privileges guaranteed by our form of government. Each student has the opportunity to acquire the abilities and skills needed in performing the duties of a worthy citizen.

Our schools welcome all students regardless of race, color, sex, sexual orientation, religion, citizenship status, ancestry, economic status, national origin, disability, age or military status. We accept each student at the level of learning the student has attained and guide him/her by learning experiences that are adjusted to his/her abilities and needs.

The total life of a student is of concern, as plans are made for him/her in the school, home and community. This requires careful consideration of each student's spiritual, emotional, physical, intellectual, social and economic wellbeing. We further encourage the mastery of learning skills and subject matter, and the development and fostering of favorable attitudes, proper conduct and ideals so that each student will achieve his/her individual goals and a stable identity of self-respect.

Through school experiences and participation, students can be helped to develop positive, constructive attitudes toward themselves and others.

The District undertakes the teaching of the democratic way of living and cooperative methods of solving problems and the belief that our students should have guidelines in the democratic ideals compatible to a real democracy.

In order to give expression to this philosophy, the citizens of this community, the school staff and our students must all work together.

COMMITMENT TO ACCOMPLISHMENT

Evaluation of District operations is a chief responsibility of the Board and is the only means of determining whether the educational goals adopted are being achieved.

The evaluation program may include, but is not limited to, the following areas:

1. curriculum and instruction;
2. students, dropouts and graduates;
3. school personnel;
4. buildings and equipment;

EVALUATION OF CERTIFICATED STAFF
(Administrators Both Certified and Classified)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to March 31 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

EVALUATION OF CERTIFICATED STAFF
(Administrators Both Certified and Classified)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria that are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss it with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A written copy of the preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
6. Assistant superintendents, business managers, principals, assistant principals and other administrators are automatically re-employed for a period of one year, or for two years if such person has been employed by the District for three or more years, if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
